3. Using the approach developed in Question 2, identify ten categories of commodities or goods or services that a company like Federal Delivery might require. Next, position those categories or commodities within your matrix and identify (1) the type of relationship you recommend for each item or service and (2) a strategy to obtain the item or service.

1	LEVERAGE ITEMS	STRATEGIC ITEMS
	Printed Items Logistic Electricity Supply Financial Services	Facility Management Warehousing Legal Adviced
Profitimpact	NON-CRITICAL ITEMS Office Items	BOTTLENECK ITEMS  IT Supplies
	Office items	тт заррнез

**Supply Risk**
